PRESS RELEASE:

Victoria Gardens, Broadstairs.

Broadstairs & St. Peter's Town Council are working in partnership with Thanet District Council, Open Spaces, to rejuvenate Victoria Gardens. This is in response to local businesses' and residents' comments.

The Town Council, who are funding this project, has taken a hands-on approach using Town Council Operations Officer Paul and has also employed Vanessa, to embark on the work required at Victoria Gardens. Many residents may know of Vanessa's hard work and dedication to the Broadstairs gardens due to her previous employment with Thanet District Council's Open Spaces team for many years. The Town Council is hoping with Vanessa's expertise and knowledge, the area will be revitalised ready for spring.

Further gardener positions will become available later in the year, please keep an eye on our website and social media for details.
